

## How to Log in to the Databases from Off Campus

If you are off campus, when you click on the link to a database, you will get a login screen to authenticate you as a member of the UCO community. Students log in with their UConnect user names and Personal Identification Numbers (PINs). If you are new to campus, your default PIN is your 6-digit birth date in month-day-year (MMDDYY) format.

UCO staff and faculty use their UCO domain names and passwords (the same logins they use for their desktop computers).

MAC users, including students, staff and faculty, use their UCO email usernames and passwords.

If you have problems, or need to obtain a domain ID, contact the UCO Information Technology department at (405) 974-2255.
